

Home Features

This beautiful design is accented by porches and balconies both front and back. This home is designed to optimize the views of neighborhood and nature. Every room opens up to a pleasing porch or balcony. On the ground floor an exquisite kitchen, dining room and living room have their own porches and upstairs the two bedroom suites each have private balconies. Enjoy your morning coffee on the front porch as neighbors pass by or relax on the rear balcony and listen to the music of tropical birds.
